Northside Mural by artist Clove Flores

The Northside Mural at 1314 N. Salina Street is the sixth mural in the *City As Canvas* mural program. It was selected by residents of the Northside neighborhood through ranked-choice voting on August 1, 2023.

Artist's Statement:

This design is meant to represent the potency of vision, the spirit of dream, and the power that our children have to change the course of our neighborhoods, cities and society. When we center and uplift the most underserved members of our community, we uplift our communities as a whole.

Maintenance:

After the mural is finalized & painted, I agree to return to fix short term damage for up to 3 yrs. After that 3 year term, I will fix damages for an agreed upon wage with TNT, depending on the scale of damage in question.

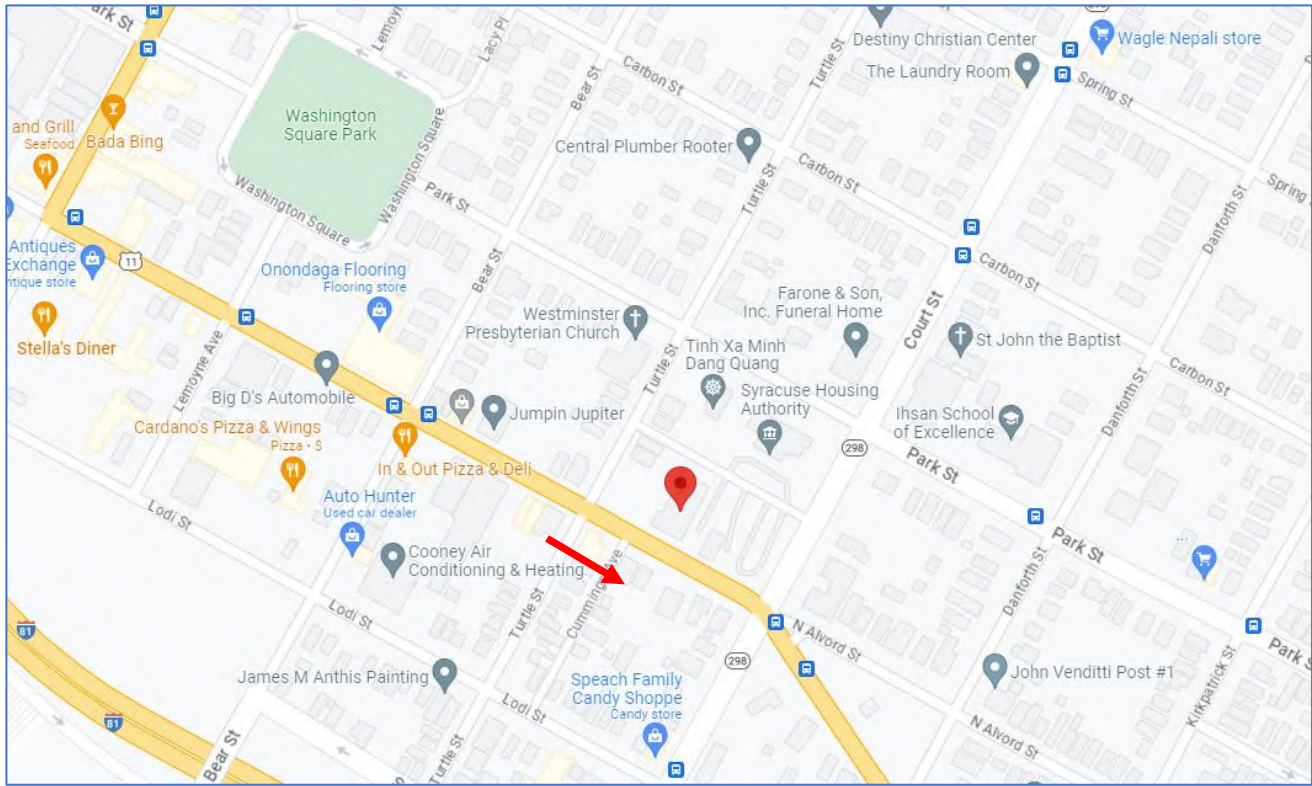

Timeline:

The mural will be installed in August/September 2023.

The Little Room Art Collective

2020-2022

DIRECTOR OF SOCIAL OUTREACH/ BRAND DEVELOPMENT

The Little Room is a gallery & events space located at the Gear Factory in Syracuse, NY. We plan & host events intended to foster lateral community bonds by uplifting creative members of Syracuse and greater CNY. We have worked in close collaboration with countless local businesses and creatives, while prioritizing social equity by making all of our events free to attend.

My primary role within the collective was to develop & represent the Little Room as a friendly, recognizable digital presence in collaboration with the desires of the collective as a whole. This included flyer/ad development, social media outreach/maintenance, content synthesis & capture, event planning, & sign making

Other tasks included fine arts handling, painting, basic carpentry and large scale art installation.
