

180 & 182 Intrepid Lane Resubdivision

This project was on the agenda for the CPC meeting on 12/2/24. The Staff held this project due to defective public legal notice, stating the application is a “Lot Line Adjustment” when it is technically a resubdivision which includes an alteration of lot lines between the two properties. They have also submitted a Minor Site Plan Application for the proposed addition and added parking.

The Planning Commission may deliberate on the SEQR review for this project and vote for approval or denial of the Resubdivision Application.

R-24-67	Staff Report – December 18, 2024
Application Type:	Resubdivision
Project Address:	180 Intrepid Lane (Tax ID: 062.-02-17.1) 182 Intrepid Lane (Tax ID: 062.-02-17.2)
Summary of Proposed Action:	Applicant is proposing a lot line adjustment between two parcels located at 180 Intrepid Lane (Tax ID: 062.02-17.1) and 182 Intrepid Lane (Tax ID: 062.-02-17.2) for future development. The total lot size will be over 10,000 SF in each lot. The applicant's plans for future development include a 500 SF addition on the east side of the building in new lot 9A-1, and the addition of 6 parking spaces on the south side of the building where there is currently permeable surface.
	Total Square footage of New Lot 9A-1: 22,688 SF Total Square footage of New Lot 9B-1: 51,958 SF
Owner/Applicant	James Hagan, Hagan Real Estate Association LLC (Owner/Applicant of 180 Intrepid & 182 Intrepid Lane)
Existing Zone District:	Both parcels involved in this resubdivision are located in the CM: Commercial Zone District.
Surrounding Zone Districts:	The neighboring properties to the west, east and south and north are within the CM: Commercial Zone District.
Companion Application(s)	MiSPR-24-97 for development of a 500 SF addition on the east side of the building in new lot 9A-1, and the addition of 6 parking spaces on the south side of the primary building.
Scope of Work:	Rearranging the property line between two adjacent lots. The proposed future development, which is the scope of the companion application and includes a 500 SF addition on new lot 9A-1, and the addition of 8 parking spaces.
Factors:	<ul style="list-style-type: none">- The proposed resubdivision on Lot 9A-1 and 9B-1 complies with the minimum lot size requirement for the CM Zone District pursuant to ReZone Art. 2 Sec 2.13(B).- There is a one-story building on 182 Intrepid Lane, currently occupied by a medical complex center that contains several clinics.- The applicant's Architect and design firm is located in a one-story building at 182 Intrepid Lane.- The subject parcels align with the character of the CM Zone District, which are typically allocated for high-density commercial use and services with frequent visits of customers and clients in high volumes.- According to the Onondaga County Planning Agency's confirmation letter, the 9-1-1 street address for "new lot 9A-1" shall be known as 180 Intrepid Lane, and "New lot 9B-1" shall be known as 182 Intrepid Lane.- The proposed resubdivision will only readjust the boundary line without creating and eliminating any existing parcel and establishing a new land use type. The land use situation of the surrounding neighbors of Intrepid Lane are major commercial complexes.- The existing lot 180 Intrepid Lane contains green space in its backyard, and the resubdivision will redivide these spaces in the new lot 182 Intrepid Lane for future development.- The new subject lots share the same ingress & egress easement, particularly for the vehicle, such easement shall be retained upon the resubdivision in terms of avoiding potential private land encroachment.
Staff Analysis:

Short Environmental Assessment Form
Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing: a. public / private water supplies?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Short Environmental Assessment Form
Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input checked="" type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

The Departments and/or Boards below have reviewed your application and provided the following comments for your information and action as appropriate.

Please modify the proposal as necessary to address the comments/recommendations. Upon receipt of any revisions and/or written justification to the Office of Zoning Administration, a Public Hearing will be scheduled.

Please contact the Zoning Office at (315) 448-8640 or Zoning@syrgov.net if you have any questions.

Approval	Status	Status Date	Reviewer	Comments
Zoning Planner	Waiting on Board	11/21/2024	Amber Dillon	No concerns, will be on 12/2 meeting
City Engineer - Zoning	Pending	11/08/2024		
Eng. Mapping - Zoning	Conditionally Approved	11/21/2024	Ray Wills	Because this is a lot realignment and not the creation of new additional parcels, there should be no impact on any City required easements. All easements are still in place. -The bearings for the streets in question cannot be confirmed or denied via Official City ROW records. As they lie in an area outside of the plats available. -No objection to the work proposed, as it lies outside of the plated area and should have no impact on Mapping Division assets or control in the area.
Finance - Zoning	Internal Review Complete	11/12/2024	Veronica Voss	Both 180 and 182 Intrepid Lane have zero balance due for taxes.
Eng. Design & Cons. - Zoning	Conditionally Approved	11/12/2024	Romeo Kpolo	Any future construction/development on the lots will be subject to the City plan review, approval and permitting process as applicable.
Eng Sewers- Zoning	Internal Review Complete	11/12/2024	Romeo Kpolo	Future project is subject to Onondaga County's 1:1 offset. The City requires an offset plan & details for review. All installation & restoration work to be done to City of Syracuse specifications & details.
Eng Stormwater (SWPPP)-Zoning	Internal Review Complete	11/12/2024	Romeo Kpolo	Proposed site shall be graded appropriately to prevent stormwater runoff/sheet flow from rooftops/driveways and other similar impervious surfaces from impacting

adjacent properties or the City R.O.W.
A Stormwater Pollution Prevention Plan (SWPPP) is
required for review if the total soil disturbance is greater
than 10,000sf.
