## EASEMENT AGREEMENT

This Easement Agreement (the "Agreement") is made as of \_\_\_\_\_, 2023 between BRIGHTON MEWS LLC., a New York limited liability company having a mailing address at 120 E. Washington Street, Syracuse, New York 13202 ("Grantor") and GREENWICH MANOR, LLC, a New York limited liability company having an address of 683 E Seneca Turnpike, Apt B6, Syracuse, NY, 13205 (the "Grantee"). Grantor and Grantee may also be identified in this Agreement as a "Party" or together as the "Parties".

### RECITALS

A. Grantor is the holder of the fee simple title to certain real property located in the City of Syracuse, County of Onondaga, State of New York, having acquired same by virtue of a deed (the "Grantor's Deed") dated March 8, 2023 and recorded in the Onondaga County Clerk's Office on March 13, 2023 at Instrument No. 2023-00008031 ("Grantor's Property").

B. Grantee is the holder of the fee simple title to certain real property adjacent to, and southerly of, Grantor's Property in the City of Syracuse, County of Onondaga, State of New York, by virtue of a deed dated June 28, 2001 and recorded in the Onondaga County Clerk's Office on July 6, 2001 at Book of Deeds number 4571, page 309 and following ("Grantee's Property").

C. A dispute has arisen in connection with the common boundary line separating the respective properties owned by Grantor and Grantee. The legal description in Grantor's Deed contains an alternate, more modern description which depicts the northerly boundary of Grantee's Property and the southerly boundary of Grantor's Property, south of where Grantee maintains it should be. The effect of this particular placement of such common boundary line takes a portion of the parking area in what Grantee claims is Grantee's Property and otherwise places it in what Grantor claims is Grantor's Property.

D. The parties are desirous of resolving the dispute.

NOW THEREFORE, for and in consideration of One Dollar (\$1.00) lawful money of the United States and other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties agree as follows:

1. Recitals. The above Recitals are true and correct, and are hereby incorporated into this Agreement.

2. Easement. Grantor hereby grants and conveys to Grantee, its employees, agents, invitees and contractors an exclusive easement (the "Easement") over, across, under, and through the area as described and depicted on the attached Schedule A and A-1 (the "Easement Area") together with the exclusive right to use, occupy, possess, cross in, on, over, across and through the Easement Area in connection therewith. In addition, Grantee shall have the right to improve the Easement Area in any way it deems necessary or desirable. Grantee shall have the right to configure and reconfigure the improvements within the Easement Area in any way it deems necessary or desirable. Grantee, its successors and assigns in interest, shall maintain the Easement Area. Grantor will not alter the Easement Area in any way (including the dumping of any materials thereon) nor will Grantor interfere with Grantee's use of and activities within the Easement Area.

3. **Compliance with Laws.** Grantee shall comply with all applicable laws, ordinances, rules and regulations with respect to its use of the Easement Area and shall be responsible for any and all costs associated with damage to the Easement Area.

4. **Obligations to Run with the Land.** The rights and obligations of Grantor and Grantee under the terms and conditions hereof and the terms, rights, conditions, restrictions and limitations contained with respect thereto shall (i) burden and run with Grantor's Property, (ii) burden and run with the Grantee's Property, and (iii) inure to the benefit and use of Grantee and any successor owner or owners of Grantee's Property and its and their successors and assigns, as well as any employees, agents, invitees, lessees and contractors thereof.

5. **No Waiver.** Failure by any party to enforce any covenant, restriction or other provision of this Agreement or to seek redress for the breach of or default in performance under any such covenant, restriction or other provision of this Agreement shall in no way constitute a waiver of the right to enforce such covenant, restriction or provision of this Agreement or seek redress for the breach thereof. The waiver by any party hereto of a breach of any provision of this Agreement shall not be deemed a continuing waiver or a waiver of any subsequent breach of the same or any other provision hereof.

6. **Entire Agreement.** This Agreement contains the entire agreement between the parties relating to the rights granted and the obligations assumed and has been duly authorized by the parties hereto. Any oral representations or modifications concerning this Agreement shall be of no force and effect. This Agreement may be modified or amended only in writing. Grantor and Grantee expressly agree and acknowledge that no other rights other than as set forth in this Agreement are granted to either party hereunder.

7. **Binding Effect.** This Agreement shall bind and inure to the benefit of the respective successors and assigns of the parties to this Agreement.

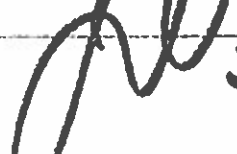

8. **Severability.** In the event that any one or more of the provisions of this Agreement shall be determined to be void or unenforceable by a court of competent jurisdiction or by law, such determination will not render this Agreement invalid or unenforceable, and the remaining provisions hereof shall remain in full force and effect.

9. **Miscellaneous.** This Agreement (i) may be executed in any number of counterparts, each of which when taken together shall be deemed one in the same instrument; (ii) shall be construed and enforced under the laws of the State of New York; (iii) shall be recorded in the office of the Onondaga County Clerk; and (iv) has been duly authorized by each party hereto.

IN WITNESS WHEREOF, Grantor and Grantee have caused their signatures to be affixed hereto on the date above first written.

Approval	Status	Status Date	Reviewer	Comments
DPW - Sanitation & Sewers	Conditionally Approved	05/22/2024	Vinny Esposito	A full SWPPP must be submitted to and approved by the City Engineer. Any sewer connections must be approved and inspected by the City and WEP. Street cut permits will apply.
DPW - Transportation Planner	Conditionally Approved	05/21/2024	Neil Milcarek-Burke	- Cross-access and any related agreements between two parcels is required to be included with submittals - Timber rail to be utilized on both sides of the drive isle to prevent tracking/errant parking - All drive isles/parking areas are to be curbed or make use of fixed vertical objects such as timber rail/bollard/etc. (no wheel stops) to prevent errant parking/loading/other - Traffic study required
Zoning Planner	On Hold	06/10/2024	Cristian Toellner	Plans conform to zoning ordinance. Applicant has addressed all adverse comments. On hold until approval from CPC.
Parks - Forestry	Approved	06/03/2024	Jeff Romano	Forestry comments; Consider replacing the Ginkgo Tree with a native species; Am. Linden, Kentucky Coffee Tree, Burr Oak. Recommend to plant in pairs /groups of 3 to minimize monoculture.
Planning Commission	Pending	05/21/2024		
Eng. Design & Cons. - Zoning	Conditionally Approved	06/03/2024	Mirza Malkoc	<ul style="list-style-type: none"> <li>All construction in the R.O.W. will require a permit, all construction in the R.O.W. to be per City standards and specifications.</li> <li>This is just a reminder that the City of Syracuse has a paving project along East Brighton Avenue. Applicant shall coordinate all work in the City's ROW with the</li> </ul>

City of Syracuse Engineering Department. Also, the City has existing traffic loops for the existing driveway that go into private property. These existing traffic loops will be replaced as part of the East Brighton paving project since the existing traffic signal at the Brighton & Lafayette intersection will be replaced.

- Complete set of the stamped engineering site plans with specific details are required to complete a detailed project permit review.
- Stormwater Pollution Prevention Plan (SWPPP) is required for review due to disturbance of greater than 10,000sf.
- Stormwater Access & Maintenance Agreements shall be submitted for review.
- Proposed grading shall be graded to prevent stormwater sheet flow to adjoining properties & to the City R.O.W.
- The Project is subject to Onondaga County's 1:1 offset. The City requires an offset plan & details for review. Applicant shall submit sanitary flow data to the Engineering Department, the determined offset plan then most likely will require Common Council Approval.
- Onondaga County Plumbing Control shall review and approve the plans as well.

City Engineer - Zoning	Pending	05/21/2024		
Eng. Mapping - Zoning	Approved	06/12/2024	Ray Wills	No impact to Mapping Division assets. Provided the easement to the south of the parcel to Brighton Mews is accepted, no objections.
Water Engineering - Zoning	Conditionally Approved	06/10/2024	Kim Kelchner	0610/2024 SWD has submitted a detail with changes for service locations, Main shown on print does not exist. Main is in the middle of the road. 2 inch Domestic and 6 inch fire should be moved to the north and pass the sign on its north side. Getting the services out of the handy cap corner. Water will set the curb box just inside the curb line, owner/contractor will have to come to this point to connect. Need the Meter Pit Detail and Hot Box detail because drawing L2.1 says they are to be designed( so I can not review them now). Road Cut Permit is Required. Cut restoration for all utilities installed in the City Rite of Way including cuts in road is the responsibility of the Owner/Developer/Contractor.  05/29/2024 ON-HOLD: Water main on Brighton Ave has been moved, location is in middle of road, see added water print. Private water main or water services over 100 feet require a Water Meter Pit and a Hot Box for back flow preventers. 2nd, Separate Domestic and Fire Services have to run from the Connection to the City of Syracuse water Main and run all the way to the building ( can not be split at the building) with curb boxes in the the public rite-of-way. NOTE: Placing water meter and backflow in entry building would eliminate the need for meter pit and hot box. Also water services then could stay outside of proposed easement. Is there a resub division for this property, separating car wash from this storage building? Contact Kkelchner@syr.gov SWD
Fire Prevention - Zoning	Conditionally Approved	05/24/2024	Elton Davis	Construction, alteration, or demolition shall adhere to applicable sections of the 2020 FCNYS and the 2020 BCNYS.
DPW Traffic Control- Zoning	Conditionally Approved	06/05/2024	Charles Gafrancesco	6.5.24 Conditionally Approved. -Traffic study as well as Transportation approval required. -WZTP must be submitted and approved if the nature of site work is to affect the safe passage of vehicular or pedestrian traffic in the public ROW. - No sidewalk obstructions or closures, lane restrictions or road closures will be allowed as part of this work unless

accompanied by MUTCD compliant detour.
